PROFESSIONAL SUMMARY

Experienced Software Test Engineer with 1.6 years in software testing and quality assurance, specializing in automated testing methodologies. Proficient in designing and executing comprehensive test plans, developing automation scripts using Selenium, and conducting performance tests with JMeter to ensure optimal system performance under load. Skilled in tracking and resolving defects using JIRA, with a solid understanding of SDLC and expertise in API, user acceptance, and database testing. Known for a detail-oriented approach, strong analytical skills, and commitment to delivering reliable, high-quality software solutions.

EDUCATION

Sambhram Institute of Technology
